# ARMOUR PLATE

Tire & Vinyl Dressing

## Product Description

**ARMOUR PLATE** Silicone Dressing cleans, protects, replenishes, and revitalizes vinyl, leather, plastic, and rubber. ARMOUR PLATE is an aqueous emulsion of silicones, wetters, and humectants that block the sun's rays, air, and ozone and prevent drying, cracking, hardening, fading, and rotting. ARMOUR PLATE dries without streaking and makes surfaces antistatic to repel dust and dirt.

## Health Hazard Summary

Causes irritation to eyes.  
Prolonged exposure may irritate skin.

## Uses & Directions

Use ARMOUR PLATE on vinyl and leather upholstery, car and truck tires, dashboards, vinyl tops, boat interiors, boots and saddles, trim, sealed wood, and other surfaces not harmed by water alone. Shield your 'stuff' with ARMOUR PLATE.

Preclean heavily soiled surfaces with appropriate detergent prior to application. Product should not be applied over grease, oil, dirt, dust, or other soils. Product is applied undiluted, as received in original container. Using sprayer, sponge, or cloth, apply to surface and allow to penetrate for 2 or 3 minutes. Using a clean, dry, lint-free cloth, wipe away excess and buff surface to gloss. Repeat application periodically to extend protection and beauty. For best results, the initial application should consist of two coats of product. Note: Do not use on floors or fabrics.

## Specifications

Color.....White  
Odor.....Sweet  
Appearance.....Opaque emulsion  
pH.....5-6  
Flash point.....None  
Lbs./gal.....8.3  
Shelf life.....One year\*

\*in sealed container

## Package & Handling

55 gal drum JCRE8534  
6 gal pail JCRE8708
