

DOUBLE PLAY

Self Emulsifying Solvent Degreaser

Product Description

DOUBLE PLAY Emulsifiable Solvent Degreaser is a petroleum hydrocarbon based cleaner. **DOUBLE PLAY** is a non-chlorinated blend of solvents that are highly effective in removing oil, grease and tar, and fuel oil residues. It contains a blend of emulsifiers that makes the product free rinsing and non-residual.

Uses & Directions

DOUBLE PLAY readily dissolves and removes greasy soils from machinery, engines, and heavy equipment such as forklifts, tractors, oil rigs, etc. Can be used on any metal, including galvanized, aluminum, and magnesium. Low volatility makes **DOUBLE PLAY** an excellent product for use in soak vats and parts washers.

Keep it clean with **DOUBLE PLAY**.

Apply **DOUBLE PLAY** with a brush, chem-air gun, or solvent resistant low-pressure sprayer. Allow to stand for 5-10 minutes prior to rinsing off. May be diluted with 50% kerosene for additional savings.

Health Hazard Summary

Vapors can cause nausea, dizziness, nausea, stupor, vomiting, headache, and/or irritation to nose, throat, and respiratory system. Causes irritation to eyes. Prolonged exposure may irritate skin.

Specifications

Appearance.....	Amber liquid*
pH.....	N/A
Specific Gravity.....	.888 - .893
Flashpoint.....	108° F
Viscosity.....	Low
Dilutio.....	None
Solvency.....	Excellent
Rinseability.....	Very good
Phosphate Builders.....	None
Chlorinated Solvents.....	None
Storage Stability.....	Store at 45°F -100°F.
Freeze/Thaw Stability....	May freeze below 20°F.**

* petroleum solvent odor

** If chilled or frozen, thaw; stir well and inspect for damage.
