# ECONO-BRITE

Acid Aluminum Cleaner and Restorer

## Product Description

ECONO-BRITE is a concentrated acidic detergent for cleaning unpainted aluminum trailers, trucks, and buses. ECONO-BRITE instantaneously removes road film, dulling oxide film, and diesel smoke residues without brushing or scrubbing. Easy to apply and will not etch or harm painted surfaces when used as directed. Not recommended for use on glass. The product may also be used as a brightener on stainless steel tankers prior to alkaline washing. Contains a potent blend of strong mineral acids, wetting agents, emulsifiers, and water soluble solvent for extra grease cutting action.

## Health Hazard Summary

Causes severe irritation and immediate and delayed burns to skin. Causes severe irritation and damage to eyes. Mists and vapors can cause irritation to eyes, nose, and throat. Ingestion can damage mouth, throat, and other tissues and may be fatal.

## Specifications

Appearance ..... Clear, colorless liquid  
Odor ..... Pungent, acidic  
pH at 1/10 (H.D. MAC/water) ..... <2  
Specific Gravity ..... 1.01  
Flashpoint ..... None  
Dilution ..... Up to 25 to 1 with water  
Foam ..... Moderate  
Hardwater Tolerance ..... Excellent  
Rinsability ..... Excellent  
Biodegradable ..... Yes  
Phosphate-Free ..... Yes  
Storage Stability ..... Excellent\*  
Freeze-Thaw Stability ..... Will freeze\*\*

\*1 year under normal conditions

\*\*usable after thawing with no change in performance. Agitate after thawing and before use.

## Uses & Directions

ECONO-BRITE may be diluted with up to 25 parts water and perform beautifully in continual wash applications. For light road film removal, dilute with 10 parts water. For heavy or smoke soil removal, dilute with 3 parts water. Always apply ECONO-BRITE from the bottom to the top of whatever surface is being cleaned so as to eliminate streaking. Also, execute the first rinse from bottom to top, and after that, as desired. Use downstream chemical injectors, pump-up sprayer, or brush on. Only apply to as large an area that will not dry before rinsing.
