

FORMULA 2020

Non-Chlorinated Solvent Degreaser

Product Description

FORMULA 2020 Solvent Degreaser is a fast evaporating degreaser and solvent cleaner containing no chlorinated solvents. This product dries very quickly, leaving no film whatsoever, and thus requires NO rinsing. Safe on painted surfaces, rubber, and metals. FORMULA 2020 is also recommended for “white glove” preps in the tank washing industry.

Uses & Directions

Apply FORMULA 2020 by wiping, dipping, or low pressure spray to electric contacts and motors, machinery parts, electronic equipment, brake linings, and the like to remove oil and grease, lubricants, dust, dirt, and grime.

Test FORMULA 2020 in a small area before general use. May damage some plastics or painted surfaces. Use where no sources of ignition are present.

NOTE: Consider that applying by aerosol misting devices may produce flammable vapors. Use extra precaution to eliminate sources of potential ignition.

Health Hazard Summary

Vapors can cause nausea, dizziness, nausea, stupor, vomiting, headache, and/or irritation to nose, throat, and respiratory system. Causes irritation to eyes. Prolonged exposure may irritate skin.

Specifications

Appearance Clear, Colorless Liquid
Odor Mild Hydrocarbon Odor
pH Not Applicable
Specific Gravity 0.67 to 0.69
Flash Point ~25° F
Solubility in Water Negligible*
Percent Volatile 100%
Freezing Point No Data
Boiling Point Approx. 210° F
Ammonia Not Applicable
Phosphate Not Applicable
Storage Stability Excellent**

* Use undiluted

**2 yrs under normal conditions
