INSTANT TC

Caustic Detergent Additive

Product Description

Instant TC is a concentrated, premium quality, detergent additive with a butyl base. Contains no soap or phosphates; works equally well in soft or hard water, including salt water. When mixed in a 5-10% solution of caustic soda or caustic potash, the detergent is ideal for removing oil and grease. Especially effective in the removal of light polymers, latexes, rubber preservatives, and oxidation from painted surfaces. Excellent for degreasing engines, marine engines, preparing metal prior to painting, cleaning painted and unpainted machines and equipment.

Health Hazard Summary

May cause moderate irritation including stinging, burning, tearing, redness, and temporary blurring of vision. Prolonged or repeated exposure may cause dryness, defatting, redness, rash, irritation, sensitization and/or dermatitis. May cause dizziness, drowsiness, headache, and other CNS depressive effects. May cause gastrointestinal discomfort, including nausea, vomiting, diarrhea, etc. May cause dizziness, drowsiness, headache, and other CNS depressive effects.

Specifications

Appearance	Amber Liquid
pH	7.0±.5
Specific Gravity	0.97
Percent Active	100%
Flash Point	None
Dilution	Use at 2-4% with caustic wash
Foam	None above 140° F
Hardwater Tolerance	Excellent
Ammonia	None
Butyl	Yes
Phosphate	None
Storage Stability	Excellent*
USDA Registered?	No

* 1 year under normal conditions

Uses & Directions

Heavy equipment cleaning, oil field cleaning, truck washing and degreasing, internal tank washing, building cleaning and maintenance, floor stripping, kitchen hoods, vents, grills, ovens, fans.

Add 2% (by weight) of Instant TC to caustic solution. For extremely tough conditions, use at a 4-5%.

Package & Handling
