OXY-GENIC FR

Peroxide-based Cleaner and Deodorizer

Product Description

OXY-GENIC FR is a special bleaching detergent designed to remove stains from fabric, ceramic, wood, fiberglass, metal, and other surfaces not harmed by water alone. OXY-GENIC FR oxygenates stains and destroys them, and unlike chlorine, leaves a very pleasant odor without alkaline residues. OXY-GENIC FR can be also used for cleaning reefers where spills of organic substances had occurred, and hardened onto the aluminum floors and FRP panels. Synergistic action of surfactant system with hydrogen peroxide breaks down into water and oxygen after use, thereby enhancing the environment.

Uses & Directions

OXY-GENIC FR should be used undiluted for heavy duty cleaning and mildew removal. The use of an air driven foaming device is highly recommended for reefer washing (but not mandatory).

Health Hazard Summary

Causes severe irritation and possibly burns to eyes. Causes moderate to severe irritation and possibly burns to skin. Burns may develop after exposure. Mists and spray can irritate eyes, nose, throat, and respiratory system.

Specifications

Appearance	Clear water white liquid
Odor	Fresh Scent
Specific Gravity99 - 1.01
pH	2.8 - 3.4
Flammability	Non-flammable
Dilution.....	Up to 128:1 with Water
Foam	Moderate
Hardwater Tolerance	Excellent
Solubility in water	Complete
Biodegradable	Yes
Butyl	None
Phosphate	None
Storage Stability	Excellent*
6 months under normal conditions	

Daily Mopping: Use 1 oz. per gallon of water
General Cleaning: Use 2 oz. per gallon of water.
Reefer washouts: Use 32-64 oz. per gallon of water

Package & Handling

55 gallon drum JBC8399
